Our School Motto

Search For Wholeness

Man can always strive towards fullness, but God alone is the model of fullness. The dream of that fullness is the driving force behind man to march forward. Search for wholeness as inscribed in the emblem of the school embodies this specific objective of this temple of learning.

Every institution has its own motto to give it a specific identity. A student enjoying his / her student life in Chavara Vidyapeeth must identify his / her motto which will be part of his/ her goal setting.

'Search for Wholeness', the motto of the school is self explanatory if you have a close look on the emblem of the school. Tree is the symbol of enlightenment, development and service. Branches are like human being holding each other showing oneness. The cross symbolizes hard work and sacrifices one has to make to reach somewhere near the wholeness through their curricular as well as extracurricular activities and observations.

Teaching in Chavara Vidyapeeth is a concerted effort by the teachers in a family atmosphere hand in hand with the parents and other stakeholders to realize the dream of marching towards the goal. Teachers will work as a team to enable, to enrich, and to empower the youngsters. We are here to sell the dreams with an effort to make them convinced of their capacity to realize the dreams.
